ERRATA | CORRIGENDA

<http://electronicmaterials.usask.ca/corrigenda/>

Only important scientific content errors are listed.

First printing (24 April 2017)

Corrections to print version; the e-version is likely to be correct

Page 252: Photo on bottom right corner of page, caption should read "An STM image of a silicon crystal surface"

Page 514: Question 5.15, Figure 5.56. "Ga should have 3 electrons and As should have 5 electrons".
(This is correct in the 3rd Edition)
